

# WOMEN *of* COLOR

## S U P P O R T G R O U P

The **Women of Color Support Group** is a weekly on-going supportive space for female-identified students, who also identify as women of color. This group provides a space for women of color to discuss the complexities of navigating personal and interpersonal spaces within and outside of CR.

We will be using the book *It Don't Hurt Now* by Christie A. Cruise, PhD to guide our discussions.

*Space is limited. Books available upon request.*
