Hi Angelina.

The topic of declared CR majors came up in our conversation with HSU (Lisa Bond-Maupin and Rosamel Benavides-Garb). Can you provide a listing I can forward? I know you have distributed these before, but I was unable to locate my copy.

Otherwise, the meeting went well and we have some areas to explore including facilitating more faculty to faculty (CR to HSU) conversations to determine the specific transfer requirements. It was also helpful to have Kailyn present as a resource regarding advising and how to pursue articulation.

I shared the attached DRAFT as an example of how we are attempting to work out a standardized advising template with the Environmental Science program – it is a work in progress.

Thank you.
