---

Greetings!

I hope the fall semester finds you in good spirits despite all of its new challenges. I know summer brought about new changes and now we are still at a distance, so I thought I'd try to send out a newsletter of sorts to update everyone.

#### My role as HSU Transfer Specialist

I am still serving in the Transfer Specialist position. Students are encouraged to schedule an appointment with me as they determine the steps for a successful transition. Early and often is encouraged. Questions regarding SEPs, graduation petitions, general transfer information beyond HSU, will still be referred to the appropriate departments at CR. I will also be looking into other options for engagement in a virtual environment with updates to come.

#### How to schedule appointments + new phone number

Students may schedule an appointment directly at [calendly.com/kailyndoyle](https://calendly.com/kailyndoyle). This is a reminder to the information provided this summer. A communication by the student in advance is not necessary as it is easiest and quickest for the student to schedule the appointment directly. Upon scheduling, students will

receive email confirmation with the Zoom link to access the virtual appointment. It is requested that they email a copy of their unofficial transcripts at least one day in advance of their appointment. Additionally, due to telecommute, a temporary phone number has been provided for direct access: 707-336-2098. It is important students leave a voicemail for a callback.

#### Application deadlines + priority for automatic transcript request

The Fall 2021 priority application is currently open through Dec. 4, 2020 and can be accessed at [www.calstate.edu/apply](http://www.calstate.edu/apply). This is extended beyond typical years due to November ending during Fall break.

HSU is continuing with ordering transcripts from CR on behalf of students. Students who submit their application by the priority deadline will have their transcript automatically ordered and sent to HSU. This will occur for both the "in-progress" transcripts reflecting enrolled spring coursework, around Jan. 20, and the "final" transcripts upon conclusion of the spring semester, at around June 1. This is also true for the spring 2021 applicants, with Nov. 1 for in-progress transcripts and Jan. 1 for final transcripts. Students who have completed coursework at other institutions than CR or enroll in summer courses will have to order those transcripts on their own.

#### Application WS + application entry guidelines

I will be hosting Cal State Apply workshops. No registration necessary. It is recommended students begin the application in advance, complete as much as possible with support of the entry guidelines, and then bring questions to the workshops. It is also recommended they access the virtual space from a computer or tablet they are using to submit, not their phone, as I will be needing to have them share their screen. (Please do not encourage students to schedule a separate appointment to complete the entirety of their application.)

If questions arise, they may consult the entry guidelines at <https://www2.calstate.edu/apply/transfer> or in the blue question mark at the top right of their application. The guidelines are attached for your reference as you familiarize yourself with the application. I also encourage you to create a test account for yourself as you help guide students through the application for all CSUs.

#### **Workshops will take place;**

Monday, Nov. 16 @ 1:00pm-4:00pm

Friday, Nov. 20 @ 9:00am-12:00pm

via Zoom at <https://humboldtstate.zoom.us/my/kailyn.doyle>,

<https://humboldtstate.zoom.us/j/7074764196>, Meeting ID: 707 476 4196

#### New things at HSU: Project Rebound

Project Rebound is a program intended to support students of an incarceration background with guidance and resources specific to their experience, even if not headed specifically to HSU. There is much more information to come, and

they are looking at opportunities to partner with CR. If you have students who have self-identified, please feel free to send them my way and I'll be sure to connect them.

#### Counselor Conference info + CSU counselor portal

The 2020 [CSU Counselor Conference](#) was held in September. There were several updates that may be relevant for the community college audience. You may access the recordings of the individual sessions.

Also, don't miss any CSU updates by registering for the [CSU Counselor Portal](#). From the website, the portal is described as, "The CSU Advisor Portal is designed specifically for our colleagues and partners who are working with students interested in attending California State University. The portal serves as a one-stop-shop for all of the information needed to successfully advise students for a smooth transition to CSU." <https://www2.calstate.edu/attend/counselor-resources>

#### Fall Preview

HSU is hosting Fall Preview as a virtual event on Nov. 6. This will include Instant Admission. Find more information at <https://admissions.humboldt.edu/fall-preview>.

#### COVID-19 protocols

The CSU has required that all campuses be held by virtual instruction for Fall 2020 and Spring 2021. HSU successfully appealed an exception for specific courses to maintain the integrity that cannot be attained in an online environment. To learn more about what HSU is doing to remain safe or to direct students with questions, visit <https://campusready.humboldt.edu/>.

#### Impaction changes

We have removed the impaction status for several majors. Biology, Botany, Environmental Science & Management, Social Work, Wildlife, and Zoology remain impacted for spring, but supplemental criteria will only continue to be required for Wildlife and Social Work. The only programs impacted for fall will be Wildlife, Social Work, and Nursing, each with [supplemental criteria](#). (It is still highly advised that students work toward completing lower division major requirements before transferring for a timely graduation, assuming they are still at a low unit count.)

#### Transfer Eligibility updates

We remain open for both upper and lower division transfer students. Due to COVID-19, we are temporarily adjusting the threshold for admission requirements for first-time freshman (and lower division students who need to meet FTF requirements). Please visit: <https://admissions.humboldt.edu/node/5>. I appreciate all that you all do for our shared students. I do miss the opportunity to collaborate with you daily. Please if you ever have any questions, please

don't hesitate to connect with me. I'm at a distance, but still working diligently and in the same capacity as before. I'm happy to work through any puzzles that come your way.
