Subject: PVC Recommendations

Dear President Flamer,

On behalf of the PVC, I am writing to inform you of two recommendations that the PVC made this week.

1. Addiction Studies - voted to keep the Addiction Studies program in the 4021 process with satisfactory progress
2. Adult Education - voted to recommend that the Adult Education program be released from the 4021 process and considered revitalized.

Thank you for your consideration. Both of these programs have been in this process for a number of years, and the committee believes that these decisions will be important for the director of adult education and the incoming full-time faculty over social work and addiction studies.

This concludes my participation on the PVC, and I was very pleased that the committee was able to make decisions about these programs before the end of the academic year.

Thank you,
Angelina
