D3-1: communicate analytical and/or computational ideas

D3-2: apply analytical and/or computational concepts to analyze relationships

## ILO Outcomes

### **1) Academic and Career Technical Objectives**

Students will successfully acquire program outcomes and complete degrees and/or certificates. This institutional outcome indicates if the objectives stated for degrees and/or certificates are being met. Students earning degrees will acquire the College's general education outcomes: Effective Communication, Critical Thinking, and Global/Cultural Context.

### **2) Personal and Professional Development**

Students will reach their career, transfer, or personal goals. This outcome indicates if a student's individual goals are being met. This includes the goals of students earning degrees, or of students taking only a few courses for training and/or personal enrichment.

### **3) Community and Global Responsibility**

Students will develop the awareness and skills needed to contribute to local and global communities. This outcome indicates if students recognize ways to contribute to their community and the value of effectively engaging in cross-cultural environments.
