

PROJECT SCOPE OF WORK SUMMARY

Summary ONLY. Project includes but is not limited to:

- 1) Hazmat Abatement for Life and Physical Science buildings. This work is to be done before and separate from the building demolition.
- 2) Miscellaneous abatement of interior furnishings etc. This work is to be done before and separate from the building demolition. Exterior LED lighting to be saved for the college.
- 3) Demolish and cleanup both buildings while leaving intact underground utilities and above ground electrical switchgear.

Note: Detailed building drawings, Hazmat Surveys and other relevant material will follow this scope as addendums and will be posted to the College of the Redwoods Purchasing Webpage <https://www.redwoods.edu/businessoffice/Purchasing>.
