- counselors were very helpful
- Did not apply to the Arcata site- didn't know I could

- easy directions on how to get here
- Great staff
- How about a separate flyer of classes for just this campus
- I applied through the main campus
- I have no clue what this means
- I like being able to enroll online
- If advisors tell you they will need time to have information available, they should have it when you get there and be familiar with your case.
- It should be easier to know which classes are equivalent to CSU courses
- More staff availability, and maybe education about transferring
- My instructor is excellent with explaining material
- Need more computer lab times @ Arcata campus
- Never had any problems
- No- I registered in Eureka
- No specific comments
- Online

- process for confirming pre-requisite was burdensome for me
- Registered online
- Slow (got way behind on entering math and eng. scores)
- Staff all very nice and helpful
- The Eureka C.R. office staff were very short and rude with me until they learned I was a graduate student at HSU.
- Very professional and efficient
- When I click on course information it won't open due to too many cookies-this not only happened on my home computer, but also on the Eureka's bookstore computer.
- Why some classes took place that were not in the course pamphlet. Yet to receive financial aid information.

Would you like to add any additional comments about resources available for students at the Arcata Instructional site?

- A lot of the computers don't work very well
- Can't even buy a class syllabus because I don't have a voucher and the bookstore is closed during my class.
- Computer lab needs a person to help w/ understanding how to use it and log on
- Could do better w/ course offerings & timing. Short hrs.- limited time available
- Don't know the hours for anything listed
- Free wireless, free condoms.
- I don't even know where the lab is! I didn't know there was one here!
- I don't know if this is possible, but a VA office would be great. I live in the Arcata area, so if I need to ask the VA guy just one thing, I have to drive 45 minutes. Also the current schedule is horrible, with more than one office, I might be able to get help when i need it.
- I take night courses-everything is closed.
- math lab, more books on reserve
- More computer lab hours or a computer that is separate for use while in computer class is in class
- More computers are needed. Books on reserve- I have never been told about them- if they exist. Copy machines need outside office. The basics that the main campus offers in the library.
- More hrs for study in lab would be nice- later hours
- Need more teachers on site helping Lab at Arcata for math or English would be great.

- Needs more frequent repairs
- Needs more of all that was circled
- No, I am unfamiliar with services
- Please expand.. Way to small and the cooking classes smells can be disgusting and very distracting. I think it's a terrible idea to cook BBQ sauce all day during class
- Somewhere besides outside to wait between classes
- textbooks not on reserve at AIS (had to drive to CR campus)
- The computer lab hours are ridiculous. If this is the most functional place to take my classes, I don't want to have to find transportation to another site because the computer lab is closed.
- The doors open 20 min before am class and to warm classroom on cold am's
- The help is always here
- Wifi needed
- WIFI please its cheap and easy

Why do you attend the Arcata Instructional site: Other

- Can't go to HSU yet
- Childcare is close to this site. I don't like to leave my baby very long.
- Driving my truck to the main campus burns a hole in my wallet
- Fit my schedule
- Most other Eng. classes were filled

Would you like to add any additional comments about your experience at Arcata Instructional site?

- 1. You need to offer healthy snacks, clean (not tap or bottled) water. 2. Get rid of junky seats, put in chairs/desks which: a. are big enough b. are not uncomfortable c. are separate desks and chairs 3. There is no sign on the way here, so 1st day, I drove around looking for it an hour. Needs to be 2 signs for 2 turns to get in here. 4. No bus? Bus needs to: a. stop here b. be free w/ a student I.D. the way it is for HSU students. 5. Fluorescent lights need to go- proven to be bad f or eyes and body. Put in lights designed to be easy on eyes better learning. The old blackboards are better. The markers used on the white boards are toxic and the smell/fumes cause allergies/illnesses. 6. Improve the ventilation- the rooms are very stuffy and smelly. 7. Have teachers encourage study groups. It is easier to learn when students study together.
- Add more classes
- AIS need a math lab and or tutors.
- Bus please- also a CR bus pass
- Cold classes in am. Love not traveling to Eureka for class everyday
- FYFTCH
- Get more English 1A instructors at Arcata campus.
- I'm so glad it's here! Thank you!
- I'm so glad there are CR classes in Arcata!
- I am glad that this campus is available to me.
- I am happy with my instructors and the teaching kitchen.
- I am taking Elementary Spanish 1A and I really enjoy it!
- I am very happy and will continue to try to attend classes here before choosing any other campus. It is a great learning environment here and have had great experiences.
- I changed my degree from ECE to general studies because of the limited times of certain ECE classes. Due to this I am having to take higher division math courses in order to complete my degree.
- I enjoy the professional atmosphere of the Arcata site. As a graduate student, the main campus feels chaotic and unfocused with many students of different levels and goals in their education. It's difficult to function around students who are not very serious about obtaining a higher education and job training. If Eureka Downtown had a computer lab, I would try to confine my classes to Arcata and the Downtown campus.
- I have an awesome teacher.
- I like the AIS mainly because it is in Arcata, which is a lot easier to get to than the main Eureka Branch. I will attend more classes at this site in the future.
- I like the Arcata site, the only complaint I would have would be the lack of bus and lack of time between class time area, because a picnic bench outside isn't too comfortable in the rain.
- I love it here the staff is very helpful and nice.
- I love that the AIS is so close to where I live in McKinleyville. I'm hoping that I will be able to take all my classes here next semester. I have 2 at AIS right now and one at CR main campus.
- I love the campus and would take more classes.
- I really appreciate all the hospitality classes that are offered at the Arcata Instructional sites
- I really like not having to go to Eureka, but at the same time I feel the AIS is a watered down main campus without any services provided to students who must pay to be here. I think expanding this site would be very beneficial to all and make it much easier for people who want to go to college but cant for various reasons. drop the commercial kitchens, expand GE courses, provide more info.
- I really like this site, I wish you would offer more GE classes so I could continue to take classes here! It's so convenient.
- I was thrilled to discover some HSU transferable GEs that count for my intended major (Social Work). It looks like maximum capacity has been reached w/ parking, but it's still sufficient.
- I wish the campus would expand its class offerings; I would love to only have to use this campus.
- I would like Wi-fit to be able to use my lap top.

- Instructional aids need to remain in the classroom during class hours- no smoke breaks in the parking lot- legal or otherwise. Limit the number per person at workstations- kitchen stove areas to 2 or less in lab classes- do not decrease working space. My personal "stuff" got lost in the kitchen supplies when I brought the "stuff" in to use as was given permission to do.
- it's a very nice facility and close to my home. I would take more classes here if more were offered. If there was a counselor here I would utilize their time/help. I wouldn't have to drive all the way to CR's main campus and wait in line forever to talk to a counselor. otherwise, you guys rock! i love the staff and the classes.
- Its great that its close, I wish there were more classes offered, or that there were more rooms so they could offer more classes. Driving to the main campus and through Eureka is hell on earth. I wish I could take all my classes in Arcata, or be done with CR and get to HSU so this wouldn't effect me.
- Living in Blue Lake- having the Arcata site form many of my CR general ed classes has made all the difference in my ability to juggle work, school, and home life. I've taken over 1/2 of my classes at the Arcata site in preparation for transfer to a 4 year college. I've had some really good classes and have found the students at the Arcata site to be significantly more mature than at the Eureka campus. Evening classes are a plus for working students!
- Love the location. More staff, computers needed. More of the basics needed.
- More classes offered. Love the proximity to home. Staff has been great.
- More classes please! Reduce gas and time on road.
- More computer lab time. Bus transportation would be nice. More classes should be offered, the choices are limiting but force one to take them because they can't make it to other campuses.
- Offer more GE classes please
- Please consider the bus service.
- Please get and provide free WIFI for research and other coursework. Could either be free access (unrestricted network) or students could use web advisor username and password to log on WIFI
- please offer more units. Teachers told us that there was not enough students taking classes at the Arcata site. It was a hard for me to obtain my classes here, it seemed like every class was full by the time I registered, and I thought I registered early.
- Put better lighting on the roads for night driving. Offer some more classes that help to fill general education requirements.
- So happy its here!
- Thank you for offering the classes you do. I would like to see English 150 and following classes next year because I need those classes and can't se how I would be able to afford going all the way to the main CR/ Eureka site. I will lose more hours at work and i have to work full time.
- The rooms are too cold at times
- Very convenient. Would like to see more classes offered. The parking is bad.
- Why do you ask about my race & gender, while asking about transportation? Are you white, land holding elitist, trying to justify you financial manipulation of poor students? Or the system trying to help them rise above the socio-political constraints elitists try to hold the "common man" down with?
- Wi-Fi
- Wi-fi access on campus, more computer lab time.
- Wifi needed
